Participating Municipalities by Province

Atlantic Infrastructure
Management Network

Feedback from FCM Sponsored Participants to date

“... gave me an in-depth look at the various disciplines of asset management and the fact that it is applicable to all types of asset-intensive organizations.....not only is asset management applicable to manufacturing, manufacturing **needs** asset management.”

Suzane Greeman, Principal Asset Management Advisor
Author of *Risk-based Asset Criticality Assessment (R-b ACA®) Handbook*

Atlantic Infrastructure
Management Network

“The CAMP program is a great addition to the toolbox of those responsible for operating, maintaining and sustaining physical assets. From analyzing risk, setting up asset registries to determining life cycle activities...”

Garth Firth, Sr. Manager, Asset Management EPCOR
