

# Asset Management in Prince Edward Island

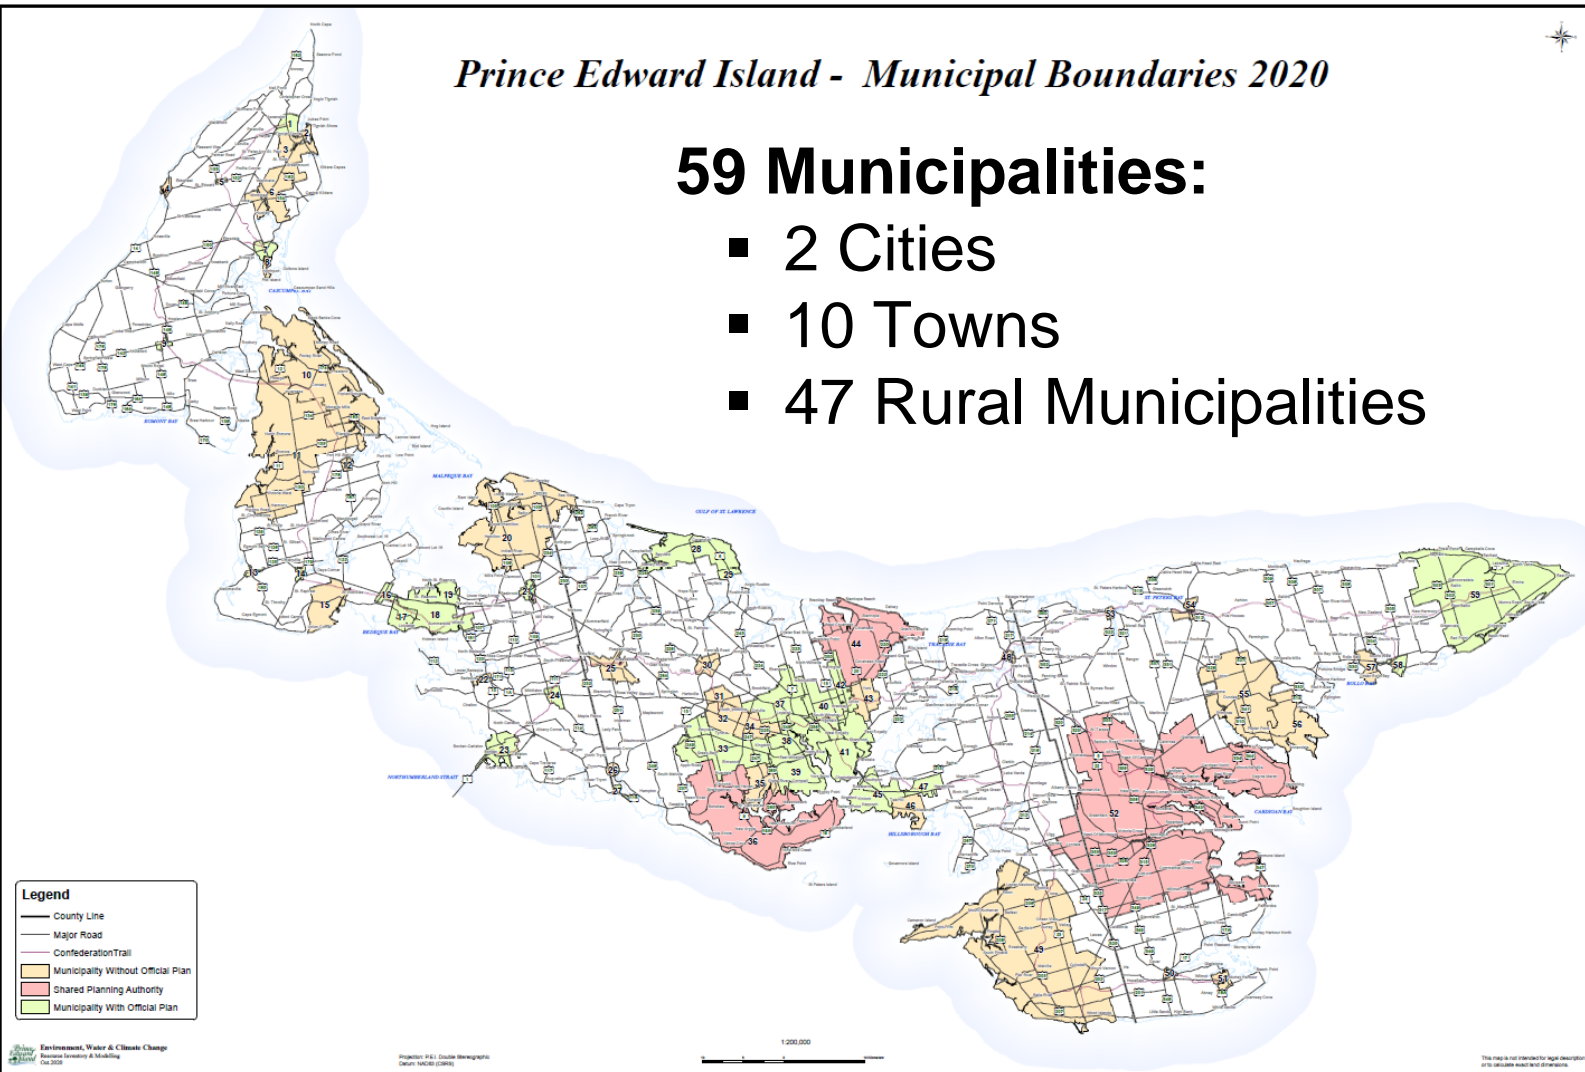

Alex Dalziel, Asset Management Coordinator

October 29, 2020

## Prince Edward Island - Municipal Boundaries 2020

### 59 Municipalities:

- 2 Cities
- 10 Towns
- 47 Rural Municipalities

# Municipal Government Act: Section 9 of Financial Plan Regulations:

## **9. Content of asset management program**

- (1) On and after March 31, 2019, a council shall maintain in its asset management program
- (a) an inventory of municipally-owned infrastructure, including any inventory of a controlled corporation;
  - (b) the financial commitments required to maintain the infrastructure referred to in (a); and
  - (c) the financial commitments referred to in clause (b) factored into the five-year capital expenditure program.

## **Asset management inventory**

- (2) The asset management inventory of infrastructure referred to in subsection (1) shall specify
- (a) the condition of each of the items included in the inventory;
  - (b) the purpose for which each item is held;
  - (c) the expected life cycle of the items included in the inventory;
  - (d) the risk rating of each item included in the inventory; and
  - (e) the priority ranking of each item included in the inventory.

# Water/ Sewer

- Data Collection
- Centralized Repository / GIS
- AIMnetwork's SOIR

# Small Municipalities

- Small Municipality Capital Expenditure Tracking Tool
- Varying populations; no centralized services

# Cohort Program

- Two groups (2018-2019)
  - Large Municipalities – 6
  - Small Municipalities – 6
  
- 2020 - 2021

# Asset Management Working Group

- Infrastructure
- Municipal Affairs

# Looking Ahead

- Cohort Program Round 2
- Continued support via the centralized GIS
- Gas Tax Agreement – Schedule F
- Continued support for smaller municipalities – Excel tool
- Establish Asset Management Working Group
