

# 2024 Asset Management Conference: Resilient Infrastructure, Resilient Communities

## Program Outline

**November 25, 2024**

TIME	Pre-Conference Workshop for Municipal Staff and Elected Officials <i>"Advancing with Asset Management Fundamentals"</i>
9:00 AM	<p>Municipalities made great strides in long term planning over the last eight years. With MAMP funding coming to a close, it will be more challenging than ever to maintain and advance the work done our asset management programs. There are still many unresolved issues; unfunded infrastructure deficits, uncertain future service levels, communicating risk &amp; level of service costs to communities, inflation &amp; cost volatility, limited staff and knowledge resources... to name a few. It is crucial that we protect the investments of time, knowledge, and dollars that municipalities have built over the past 8 years. We've learned much about the potential of asset management and the amazing and sometimes complicated ways it can make our services more sustainable. In this workshop our facilitators will "meet you where you are" and demystify the path forward under a new regime of funding and regulations for infrastructure services. You will complete the workshop with a self-assessment of risks and opportunities with your asset management program, gap assessment and achievable list of activities for the next two years, resource assessment, the costs of doing nothing and a plan to accomplish your goals.</p> <p>AIM Network facilitators will lead you through a self assessment of the current state of your planning and split the workshop into three groups:</p> <ul style="list-style-type: none"> <li>• Haven't started your asset management program.</li> <li>• Did your first asset management plan but haven't been able to progress.</li> <li>• Have a sustainable asset management program but would like to take the next steps</li> </ul> <p>Join us for a full day workshop, where we will break out into 3 focused groups to help you achieve an understanding of;</p> <ul style="list-style-type: none"> <li>• Where you are now</li> <li>• What you need to be doing to sustain the program</li> </ul>
10:00 AM	
11:00 AM	
12:00 PM	
1:00 PM	
2:00 PM
