

How to become a Registered **AIMnet** Supporting Partner

AIM Network is interested in providing a list of Supporting Partners to assist municipalities across Atlantic Canada in using the **AIMnet** Solution. There is no cost to become a Registered **AIMnet** Supporting Partner. We do however require an appropriate level of knowledge and expertise as well as a commitment to support our open source approach.

If you would like to apply or just need more information, please email info@aimnetwork.ca

All applications will be assessed by the AIM Network Technical Committee. Approved applicants will be listed on the AIM Network website as a Registered **AIMnet** Supporting Partner. We would love to hear from you!
